Overview of the CANSSI Board of Governors

Preamble

The Board of Governors plays a central role in the grassroots operation of CANSSI within the Canadian and international statistical sciences communities. The Board's responsibilities include advising the Director, approving changes to CANSSI programming, and approving appointments to the CANSSI Directorate. The Board works closely with the CANSSI Director and Deputy Director.

Principal Duties and Responsibilities

- Advise the Director on all aspects of CANSSI operations and opportunities
- Approve major changes to CANSSI programming and policies
- Approve appointments to the positions of Director, Deputy Director, and Associate Director
- Approve appointments to the Scientific Advisory Committee
- Seek nominations for future members of the Board of Governors

Principal Activities

- Review materials provided by the Directors
- Attend the Fall, Winter and Spring Board meetings
- Serve on Board committees and/or in officer positions as appointed

We acknowledge the support of the Natural Sciences and Engineering Research Council of Canada (NSERC).
Nous remercions le Conseil de recherches en sciences naturelles et en génie du Canada (CRSNG) de son soutien.
CANSSI is hosted at Simon Fraser University. L'INCASS est hébergé à l'Université Simon Fraser.
