CANSSI SSC VISITOR PROGRAM
APPLICATION INSTRUCTIONS | 2025

The CANSSI SSC Visitor Program (CSVP) supports short-term visits (2 to 5 days) by leading Canadian and international statistical scientists to CANSSI member universities. The aim is to strengthen connections between local and national/international statistical sciences communities and to foster collaborations and new opportunities, especially for students. The program is operated by the Canadian Statistical Sciences Institute in partnership with the Statistical Society of Canada (SSC).

Requests for support should be submitted at least 3 months before the date of the proposed visit.

The application should include the following information:

1. Name, current position, and any significant former positions of the proposed visitor
2. Field of research of the proposed visitor
3. Proposed dates and location for the visit
4. One-paragraph description of the scientific rationale
5. Proposed schedule of visit, including a CANSSI SSC Seminar on Innovations in Statistics and Data Science as well as talk(s) and student interaction(s)
6. Proposed budget for travel, accommodation, honoraria, etc., including information on co-funding

Applications should be submitted by email to info@canssi.ca.

Next Steps

Support decisions are made by the CANSSI Associate Directors in consultation with the Director and Deputy Director. If your application is accepted, you will be asked to do the following:

- Acknowledge CANSSI and SSC support whenever possible
- Work with CANSSI to arrange live broadcast and/or recording of lectures and presentations, particularly the CANSSI SSC Seminar on Innovations in Statistics and Data Science
- Work with CANSSI to advertise the activities associated with the visit
- Encourage participants to complete CANSSI's diversity survey
- Submit a short event report within 4 weeks after the end of the event
